Dear Class Member:

As you know, in 2012, the Texas state court ordered that you could file a consent and elect to participate in this case on or before March 29, 2013. Subsequently, the defendants were successful in removing class members who lived and/or delivered books outside of Texas from the Texas lawsuit. We appealed the court's decision to dismiss those class members. Unfortunately, the Texas Court of Appeals affirmed that decision. We then filed a new proceeding in California to try to recover wages and penalties we think are owed by the defendants on behalf of those who were dismissed from the Texas case.

In late 2016, Directory Distributing Associates, Inc., (DDA), filed for bankruptcy in St. Louis. Because DDA filed for bankruptcy, the Bankruptcy Court ordered all work stopped on the Texas case and the California case. In February 2017, the Texas case was transferred to St. Louis due to the DDA bankruptcy filing. The California case remained pending in the Federal District Court in San Francisco. For now, both cases are on hold

The defendants in these cases, Directory Distributing Associates, Inc., and various AT&T entities, agreed to attend mediation with us in August 2018. Mediation is a negotiation process where the parties attempt to reach a settlement. We do not know if mediation will be successful; however, we are committed to participating in good faith on your behalf.

We are still working on your behalf, despite the delays that the bankruptcy proceedings have created. We will update you with additional information as it becomes available, including the results of the mediation.
